

# ABOUT US ABOUT US

Twin Pines Farm opened a NARHA (North American Riding for the handicap Association ) therapeutic riding center for children with disabilities in 2006 named "Faith Equestrian Therapeutic Center"

Many folks know us only by our center name. Twin Pines is the "Home" of Faith Equestrian Therapeutic Center.

Twin Pines farm has developed a **summer day camp program for able bodied children** to help support the therapeutic program for special needs children. In this way families can bless families.

## The way it works

Your camp cost go to help us keep the program going for the children with disabilities. It's win ,win!! Your kids get an opportunity to enjoy a week of riding, learning about horses, and making crafts from a professional instructor and our special needs children get the opportunity to enjoy activities with horses as well, because of your support!

Families of children with disabilities don't have money left over after paying their medical bills to provide their children with many fun activities outside the clinical walls. So won't you help us to help the children we serve? And provide your child with a great experience in a wholesome family friendly environment at the same time!

**Horseback riding,  
grooming, games,  
crafts and more!!!**
