

Dear Supporter,

Faith Equestrian Therapeutic Center, located in Effingham County, is a small 501(c)(3) non-profit. Our mission is to improve the quality of life for individuals with special needs and disabilities through the healing power of horses by offering both riding and groundwork sessions. Participants can begin at age four and have a wide range of diagnoses. Due to the center being a PATH (Professional Association of Therapeutic Horsemanship) Premier Accredited Center, Faith is authorized through the Wounded Warrior Project of PATH to offer equine assisted learning and therapies to Veterans and military personnel.

As we continue to grow, we are in need of an eco-friendly high wind/ flood resistant barn for our equine staff members. We are blessed to have been chosen by *SCAD SERVE Design for Good* program and are currently in the design process of making this dream come true! At minimum, a one year process as we work with different departments and majors developing each area of the site design. This is a pivotal part of our strategic plan over the next three / five / seven years which will ensure FETC continues to meet the needs of the community by offering equine therapy & equine assisted learning to such a vulnerable population.

While SCAD SERVE has opened new doors for FETC, financial assistance from businesses, sponsorships, and organizations throughout the community are essential in order to make this need a reality! **Please consider a 2024 tax deductible sponsorship today in order to help fund a much needed barn to ensure the herd stays healthy and happy in order to empower our participants to achieve, connect, and thrive in society.**

Roastin' on the Coast will take place on Thursday, October 10th from 5:30-7:30pm at Savannah Bottleworks in Savannah. The event will feature oysters, non-seafood options, and a full bar with an outdoor entertainment center raffle and both live auction and silent auction items.

Thank you in advance for your much needed support,

Dana Starr
Executive Director/ Volunteer Coordinator
